TRADE CIRCULAR

Sub: Operation of Cargo Berths No. 09 & 10 through M/s Gautam Freight Pvt. Ltd. – Procedure for Vessel and Cargo Handling – Reg.

Attention of Vessel Agents, Stevedores, Importers, Exporters, CHAs and other Port Users is invited to the subject cited above.

Deendayal Port Authority has awarded the work of Operation & Maintenance of existing Cargo Berths No. 09 & 10 (from Panel No. 69 to end of Berth No. 10), including cargo handling by deployment of Harbour Mobile Cranes and associated equipment, Management and Marketing, to M/s Gautam Freight Pvt. Ltd. (GFPL) for a period of five years. The facility has been handed over to M/s GFPL w.e.f. 11.09.2026. The following procedure, based on the contractual provisions read with the amendments and pre-bid clarifications issued thereto, shall govern vessel and cargo handling at the facility.

1. **Vessel Declaration and Nomination:** Vessel Agents shall declare the vessel and cargo particulars to DPA in advance through the procedure in vogue. Vessels proposed to be handled at the facility shall obtain written consent of GFPL and submit the same with the request for berthing. Berthing shall be considered by DPA only upon receipt of such consent, requisite documents and applicable advance payments.
2. **Berthing:** Berthing, shifting and sailing of vessels shall remain under the control of DPA and shall be regulated in accordance with the prevailing operational requirements and procedures of the Port. Priority berth-hire charges shall not apply merely on account of nomination of a vessel by GFPL for handling at the facility.
3. **Cargo Handling:** GFPL shall be responsible for planning and marketing of cargo and for loading/unloading, storage and evacuation of cargo handled through the facility. All types of permitted dry bulk and break-bulk cargo may be handled, subject to applicable statutory, safety, environmental and operational requirements.
4. **Vessel-Related Charges:** Vessel-related charges, including berth hire and other applicable marine charges, shall be paid directly by the Vessel Agent to DPA in accordance with the applicable Scale of Rates and prevailing procedure.
5. **Cargo-Related Charges:** Wharfage, Pollution Charges, Stevedoring Royalty and other applicable cargo-related charges shall be payable by GFPL to DPA. The applicable Port Share of HMC Handling Charges shall also be payable to DPA on the total cargo handled by GFPL, irrespective of whether such cargo is handled through HMCs or ship's cranes.
6. **Storage and Evacuation:** Cargo may be evacuated by road and/or rail. Dedicated storage area and covered accommodation, wherever required, shall be made available by DPA on payment of applicable charges, subject to the governing allotment conditions. Common-user road and rail facilities shall remain available subject to Port regulations and without obstruction to other Port users.

7. **Rail-related Charges:** Open Terminal Haulage Charges, Terminal Charges, AIEHC Charges, wagon demurrage, wagon damage/deficiency charges and wagon weighment charges, wherever applicable, shall be borne by GFPL at the rates notified by Indian Railways/DPA from time to time.
8. **Commencement and Completion of Operations:** Upon berthing, GFPL shall coordinate with all concerned agencies to ensure commencement and conduct of cargo operations without avoidable delay. Upon completion of cargo operations, necessary action for immediate sailing/shifting of the vessel shall be taken in coordination with the Vessel Agent.
9. **Use of Facility during Idling:** Where the berth remains idle continuously for more than **24 hours**, DPA reserves the right to utilize the facility for handling other vessels. Such utilization shall be governed by the applicable contractual provisions. On advance intimation by GFPL of its arriving vessel, the berth shall be vacated in the next tide in accordance with the prescribed conditions.
10. **General:** All operations at the facility shall remain subject to DPA's prevailing Scale of Rates, statutory requirements, safety and environmental regulations and operational directions/orders issued by DPA from time to time. Berthing, shifting, sailing and overall marine control of vessels shall continue to vest with DPA.
11. **Effective Date:** The procedures outlined in this Trade Notice shall come into effect on 11 September 2026. Consequently, these guidelines will apply to all vessels planned for handling at Cargo Berth No. 09, as well as Cargo Berth No. 10 upon its subsequent handover.

All concerned are requested to take note and comply accordingly.
